DETAILED ACTION

Allowable Subject Matter

1. Claims 1-13 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in a combination fails to anticipate or fairly suggest the limitations of the independent claims, in such a manner that rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims 1, 7, and 8-10 which include, calculating an angle θ between a line connecting a reference position or the second camera and the pupil center and a line-of-sight of the subject by the calculation means; and calculating a formula $\theta = f(r^*)$ showing a relationship between r^* related to r and θ based on the measured values and calculated value; and determining a line-of-sight, including the steps of: obtaining data on a coordinate point O' of the pupil position of the subject with the first camera by making the subject gaze at an unknown point G' in the coordinate system; obtaining data of the corneal reflection center, a size of vector r' from the reflection center to the pupil center P , and an inclination θ' of the vector r' relative to the coordinate axis with the second camera; and calculating $O' = f(r'^*)$ by using the relational formula to obtain the unknown point G' from the inclination Φ and θ' ; and two cameras and two light source near the two cameras and a control means for controlling on/off two light source and

obtaining an image signal sync with on/off and calculation means for extracting a pupil and corneal reflection from the obtained image signal and calculating line sight vector and calculating a three dimensional position of the pupil from these position (claims 8-10) (note: claims 1 and 7 allowed previous office action 7/21/2008).

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
